## THE PROGRAMME

Our school focuses its actions and tries to fructify and improve the school infrastructure, to implement modern learning methods in the educational act, to increase the attractiveness of the educational act and the results in national exams, to diversify extracurricular and educational activities, to increase the internationalization of the school through national, international and European projects and partnerships, to develop the partnership with the family and local authorities.

## ABOUT US

### *Our Vision*

Our school - a school for the community, a school for Europe!

### *Our Mission*

Providing an organised framework for the education of children, young people and adults with a view to their integration into the local, national and European labour market and social integration, for responsible and value-adding work in a spirit of tolerance, multiculturalism, multi-confessionalism and respect for individuality.

### *Our Values*

- Self-respect and respect for others;
- Taking responsibility;
- Competitiveness;
- Promoting success and efficiency;
- Cultivating initiative, truth;
- Work discipline;
- Tolerance;
- Respect for the environment.

*Erasmus+ accredited  
school for the period  
2021 - 2027.*
